

AIR COOLER CLEANER L.T.™

DESCRIPTION

AIR COOLER CLEANER L.T. is a powerful cleaning product familiar to AIR COOLER CLEANER, but it has a lower toxicity level. It dissolves accumulated deposits, oil, grease and soot, which are dissolved along with the product into the engine's cylinders where burning of the deposits takes place.

ADVANTAGES AND CHARACTERISTICS

- ◆ Ideal for the removal of oil, grease, soot and carbon deposits.
- ◆ Highly efficient when used for air coolers and turbochargers.
- ◆ Can safely be used, especially, when in operation without damaging the engine or running the risk of fire.
- ◆ Maintains and keeps the air cooler clean so that the air input inside the cylinder is increased, this results in the maximization of horsepower and fuel combustion.
- ◆ Cost effective, easy to handle and apply.

PHYSICAL PROPERTIES

AIR COOLER CLEANER L.T. is a liquid compound consisting of corrosion inhibitors, ionic metal surface activators and low toxicity aromatic hydrocarbons. Moreover, is important to note that it does not contain chlorinated solvents. A light milky solution is produced when diluted with water.

Appearance/Color	: Colorless, clear liquid
Specific gravity	: 0.82 - 0.86 gr/cm ³ at 20°C
Odor	: Aromatic solvent

PACKAGING

Order Number	: 832502 (25 ltrs)
Container	: Steel drum

APPLICATION AND USE

A. Dosing Procedure

When the engine is in operation, the required quantity to be used is a 1:3 proportion diluted with water.

When the engine is not in operation, AIR COOLER CLEANER L.T. must be used undiluted and in quantities according to the judgement of the user and the degree of deposit accumulation, until such time, that cleaning is complete. In this case, AIR COOLER CLEANER may also be used.

B. Cleaning Procedure

When the engine is in operation, the AIR COOLER CLEANER L.T. / water solution must be injected directly into the top surface area of air cooler and sprayed over it by means of the auxiliary chemical solutions application tank.

Then rinse with water and dry by blowing with compressed air. When the engine is not in operation and AIR COOLER CLEANER is absent, then AIR COOLER CLEANER L.T. may be used according to the AIR COOLER CLEANER instructions.

! SAFETY AND HANDLING

HANDLING	Handle with care. Store in a dry, cool and well ventilated environment.
SAFETY	IMMEDIATE ACTIONS
Eye Contact	Avoid Eye contact. Otherwise, flush with plenty of water for a few minutes. Seek medical attention.
Skin Contact	Avoid Skin contact. Otherwise, wash contaminated area thoroughly with water. Seek medical attention.
Inhalation	Do not breathe gas/vapors. Otherwise, seek fresh air source at once. Seek medical attention. In case of insufficient ventilation, wear suitable respiratory equipment.
If Swallowed	Avoid ingestion. Otherwise, consume a considerable quantity of water. Do not induce vomiting. Seek medical attention.
GENERAL INSTRUCTIONS	Avoid spillage, splashing and mishandling. Precautionary measures for body protection are strongly recommended before use.
